

# POTOMAC VALLEY RADIO CLUB - NEWSLETTER - JANUARY 2000

## PVRC CALENDAR

(The calendar format is under construction

... including more contest info.)

Weekly	Wed	BWI Regional weekly breakfast. Wednesdays 7:30 am, Basil's Deli, Elkridge Landing Rd near BWI.
Monthly		Over-the-Hill Luncheon. Date to be announced. Hosts listed on reference page.
Jan 5		ARRL 160 Meter CW Contest log deadline. <a href="#">[email protected]</a>
Jan 6	Thu	PVRC/NC meeting at Ryans Family Restaurant, Cary Crossroads. 5:30pm, meeting at 6pm
Jan 10	Mon	Central meeting
Jan 12		ARRL 10 Meter CW/SSB Contest log deadline. <a href="#">[email protected]</a>
Jan 18	Tue	Northwest at Tully's Grill, 1080 W. Patrick St, Frederick, MD at 7:30 pm
Jan 18	Tue	Tidewater Colony. Meeting with VA-DXCC.
Jan 21	Fri	SWVA Western Sizzlin on Orange Ave across from Roanoke Civic Center
Jan 22/23		ARRL VHF Sweepstakes.
Jan 29/30		CQ CW 160M Contest.
Feb 19/20		ARRL CW DX Contest.
Feb 26/27		CQ SSB 160M Contest.

GREETINGS from Brian McGinness, N3OC, President, PVRC, Jan 1, 2000

Hello and Happy New Year to everyone. We survived the millenium change, so we can all focus on contesting again!

My thanks to the membership of PVRC for your confidence in nominating me for the president's position, and I will work hard not to let you down. I felt it would be appropriate to tell those of you that don't know me a little about myself, and share some of my ideas on how we can continue to improve PVRC.

I am 41 years old, and have been a ham for 26 of those years. Most of that time was spent on the VHF bands, so I am a relative newcomer to HF and contesting (since 1993). In real life, I am the engineering manager for Wireless Communications, the Motorola two-way dealer in Arlington Virginia. I am also a volunteer Assistant Fire/Rescue Chief and Paramedic here in Montgomery County.

A long time ago, my good friend Gene W3ZZ (W3BQV at the time) took a long shot and invited a teen-aged punk who just got his driver's license to a contest at W4BVV, promising much excitement on 40 meter phone.

That was in the era of paper logs, dupe sheets, voice spotting networks, tape loop CQ machines, tube equipment and of course Tom's big 40 meter antennas. That was the first and only contest

I ever participated in under those conditions, the next contest I was ever to operate in was with a solid state rig, CT to log with, packetcluster, and much smaller antennas!

But I remembered PVRC from that day forward, and when I became seriously interested in HF and contesting, PVRC was the first thing that came to mind. To find myself as president now in such a short time is truly an honor.

I joined PVRC in 1994, and the club sure has come a long way since then. Under the leadership of Rich and Tyler, we find ourselves winning contests again, continuously improving our club score in each contest. So from everyone in PVRC, thanks to both of our recent past presidents for a job well done!

I believe our challenge now is getting our members on the air at the right stations for as many of the major contests as possible. We have more active members than does FRC, so I am convinced if we work hard at it we can become even more competitive in the upcoming year.

OK, so what can we do to improve our club scores?

First, we need to work harder to place operators who don't have stations, or who have smaller stations, somewhere where they can operate to a maximum score. We will be looking to the regional coordinators to help out here, and touch base with all their members before each major contest and see if they can assist them find somewhere to operate from.

On the same note, I would like someone to volunteer to try to promote and coordinate dxpeditions, and help to place PVRC members who might be interested in a contest expedition with an available slot.

As for the inner workings of PVRC, we are committed to making small changes over the next few months to allow all members to vote for PVRC officers at their October regional meetings. As many of you saw, we actively encouraged anyone interested in holding a PVRC office from any region to run this year, but did not get the changes made in time to extend the actual vote beyond the central region meeting.

Speaking of the inner workings of PVRC, a lot of credit has to go to the guys behind the scene who do an incredible amount of work each month to keep things going. Bob, W2GG, is the man when it comes to keeping our files and papers in order, and still has time to tally all the contest scores and more. Dick, K3DI edits this rag each month and he really could use all of our help in giving him some quality articles to publish, instead of nothing but meeting minutes. Also our thanks to Pete, N4ZR, for administering the 5 million award, which has become an instant hit. Our webmaster and historian, Steve, K3SA, has constructed one of the best ham-radio web sites out there. And lets not forget Dave, WR3L, our treasurer, who has quietly kept the club's finances in

order, on a donation-only basis. And finally a warm welcome to our new vice-president, Jack, K4VV.

I know that I forgot to mention someone, so please don't be offended if I missed you. That's the risk of naming names, but these guys do so much for PVRC and get so little recognition that I had to mention them.

So please, if you have any suggestions, gripes or questions about PVRC (or even about me!) please drop me an email at [\[email protected\]](#). Go PVRC!

#### TREASURER'S REPORT by Dave Baugher, WR3L, Treas (12/22/99)

I would like to thank the following for the December donation to PVRC: K3RON, W3UL, K3SW, W3YOZ, WD3A, KO4MR, K4TX, W3AZ, W8ZA, W3INK, W4DM, and N4CW.

I have compiled the accompanying balance sheet of PVRC as of December 22, 1999, for the year of 1999, using summary statements of income and expenses. I also have available full records of income and operating expenses.

1/1/99 checking balance	\$1610.88
-------------------------	-----------

#### Income:

Advertising Newsletter	2,321.54
ARRL Renewals	18.00
Donations	2,465.41
Total Income	4,804.95

#### Expenses:

Awards	499.57
Donations	100.00
Insurance	325.00
Newsletter	3,070.99
Subscription	50.00
Trophies	200.00
Total Expenses	4,245.56

12/22/99 checking balance	\$2170.27
---------------------------	-----------

Net income	\$ 559.39
------------	-----------

Our \$559 increase in the treasury is mainly due to lower postage cost of the newsletter and new advertisers. Donations have stayed about the same as last year therefore I am enclosing an envelope if you wish to donate. This is still our largest source of income. This is a donation not dues. It is your choice to support the club monetarily. Although you will stay a full member with or without a donation the money is still needed. Some members donate time, effort, scores, etc. that also make a difference and keep the club operating efficiently.

Remember to send your ARRL renewal to me for club credit. Any comments or questions are welcome, prefer e-mail if possible. Look forward to the coming year as your treasurer.

#### FAR SCHOLARSHIPS ANNOUNCED

The Foundation For Amateur Radio, Inc. plans to administer 73 scholarships for the academic year 2000-2001 in the range of \$500 to \$2,500 to assist license Radio Amateurs. The list includes a \$1000 scholarship on behalf of PVRC.

Applicants may compete to pursue a full-time course of studies beyond HS that have been accepted for enrollment or are enrolled at an accredited university, college, or technical school. There are some geographical or study program restrictions. The PVRC award is restricted to the 48 states with emphasis on contesting experience. Additional information can be obtained by letter or QSL postmarked prior to April 30, 2000 from: FAR Scholarships, PO Box 831, Riverdale, MD 20738.

#### 5 MILLION AWARD WINNERS by Tyler Stewart, K3MM

I want to congratulate the following members who achieved the 5 Million point level during the 1998-99 contest season:

K1HTV	K8OQL	W2GG	N4AF	ND3F	K3RA	W3PP	K3LP
KT4W	K3SV	N4CW	WA4QDM	K3MQH			

Their plaques were either received at the Central Christmas Dinner or have been mailed to them (Tnx WR3L!).

In addition, we now have 7 members who have topped 10 Million points! These members have or will receive an endorsement plate to attach to their original plaque from last year.

K3MM	K3ZO	W4MYA	KE3Q
N3OC	K4MA	W9LT	N4RV

Note that this year's plaques are predrilled at the bottom for the endorsement plate. However, the original 10 from last year are not. I'm sending out a couple of mounting screws with the plates, but these plaques will have to have holes drilled in them for the endorsement plate. If you would like to have the award shop attach the plate for you, I will make arrangements for you to send it in for installation.

If anyone does not receive their hardware within the next week or so, please contact me by email or phone.

#### 5M AWARDS DATA HICCUP by Pete Smith, K4ZR

Tyler, K3MM, Bob, W2GG, and I have just discovered a hiccup in the way we have been tracking 5M scores. Hopefully, it will affect only a few of you, but here it is, with a real example:

KE3Q operates from W3LPL, using W3AO's call-sign. Because of the way we've been keeping records, we knew that KE3Q should get the operator points, but we missed W3LPL's host points, assigning them instead to W3AO. Since W3AO isn't a PVRC member, they went into the great bit-bucket in the sky.

If you operated under these circumstances in the last 2 years, and you want your host to get the points, please let me know the particulars ASAP, and I will recalculate as necessary. For the future, if you operate from a station that is neither yours nor under the call you used, please let Bob know so he can include that fact in his score reporting.

NW Regional Meeting Minutes - November 16, 1999  
By Greg Altig, N5OKR ([\[email protected\]](#))

In attendance were members W8ZA, N3KTV, K3DNE, W3JRY, WD3A, N3HBX, K3IXD, W6NRJ, and N8II.

First, thanks to N3KTV for his filling in for me in my absence and providing these notes.

K3DNE, Jim, recently upgraded to Advanced! Was at W8ZA for CQ WW and had lots of fun. He will be at W8ZA for SS SSB. He is putting up a new A3WS on a rocket launcher at home. Hopes to work the meteors shower tonight and tomorrow. He is working 6meters and looking for F2 propagation.

W3JRY, John, was the only representative from PA tonight. Operated part-time in recent contest. (100K in CQ WW) Put up a beam and tower recently. Has worked 220 countries recently.

N3HBX, John, operated CQWW HP 15meters only. Reports his worst effort ever! Lost the antenna relay on the tower half way into the contest. Also, his amp relay was stuck on transmit so he used his backup amp.

K3IXD, Ed, put up an inverted V for SS SSB this weekend. 460K for CQ WW. Has been operating the VHF/UHF Fall Sprints. Having fun with the new ICOM 746.

W8ZA, Bob, worked CQWW M/M from home. Reports 5.36M points with a bad 10meter beam. Solution to last months puzzle was: The coax pig tail had parted away from the connector on the 20meter beam and the balun on 10meters had a loose screw on one side. This was the first time for M/M from W8ZA. Used the W3NQN filters and found they worked great! Sometimes the team forgot to change the filters when they changed bands. They remembered right before they started to replace the radio! Bob also reports 28K for part time SS CW. K3DNE will be at W8ZA for SS SSB. Bob is looking for operators for CQWW CW! Bob added that K8OQL is quarantined with the chicken pox.

N8II, Jeff, missed SS CW. Was on for CQWW SSB part time. Operated

all band. Reports 2700 Qs, 115Zones, 426Cty for 4.29M. Great Job!

WD3A, Tom, played in SS CW (8K). Tom was at W8ZA for CQWW SSB. Started out on the tower for Bob! Bob did let him operate 20m after that though. Reports having fun getting bumped around on 20 by all the big M/M. Loves his new 850.

W6NRJ, Jim, is looking for ELMER help to get up on packet to access the spotting network. Also needs help hooking up his computer for logging. He operated last at K1DQV and had lots of fun.

N3KTV, Jim, has been operating some DX over the past few weeks. More time has been spent resurrecting an old R5 and trying out the MFJ-259B. Meeting adjourned.

11/5/99 PVRC/NC Meeting Minutes by Pete Soper, KS4XG  
(Eliminated outdated & shortened. -ed)

The meeting was at the home of Jack W0UCE and his wife Fran in Raleigh from 5:30-8pm. The food was delicious and a good time was had by all. Attendees: Brian K3KO, Jim K4QPL, Henry K4TMC, Pete KS4XG, Dan N3ND, Bert N4CW, Jay NT4D, Jack W0UCE

This was the second meeting of Dan Atchison, N3ND, an avid CW operator looking for a way to get back into contesting despite property restrictions at his current QTH (a little extra wiring may be appearing in his attic!). Dan was voted in bringing membership to 33.

K4QPL put 30 feet of Rohn 25 up temporarily to get a TH7 up for Sweeps. K4TMC came back from a long hard business trip with a virus and missed CQWW. K3KO found a source of high quality (albeit low power) relays - contact him for details.

W0UCE had a log periodic in view of his kitchen window during the meeting. Jack and K4QPL will be doing joint tower projects soon to have their base holes dug and concrete poured at their two sites in a single day. N4CW got an SB200 for his station in Maine.

12/2/99 PVRC/NC Meeting Minutes by Pete Soper, KS4XG  
(Shorten by editor)

The meeting was at Ryans Family Restaurant in Cary from 5:30-7:30pm. Attendees were Will AA4NC, Guy K2AV, Brian K3KO, Jim K4QPL, Pete KS4XG, Jim N3QYE, Bert N4CW, Jeff NX9T, Jack W0UCE, and Gary W2CS. Chapter membership remains at 33.

N4CW introduced Guy K2AV as the new chapter chairman. K2AV recognized the K4MA for his influence as chairman and world class contester during the previous year.

It was unanimously approved that future meetings would be:  
Sept through April will be first Thursday of the month at Ryans.

May meeting will be at a nicer restaurant in conjunction with one or more special interest programs and a previous contest season review.

June, July and August will be no set schedule.

KS4XG proposed having a table or two at the Raleigh (RARS) hamfest in April with some promotional materials like a "Work DXCC in a single Weekend" banner. N3QYE and K4TMC had proposed creation of a video and N3QYE said he has access to video mixing equipment. The general idea for the video is to collect "video visits" to the area stations. AA4NC described how FRC does this, with titles that make the video meaningful without sound. Will also proposed having a contest simulator running at the tables. It was resolved to give PVRC a presence at the hamfest.

N4CW described the S5-7 line noise that is now a permanent part of his home station in Raleigh. Bert took part in Sweeps from home anyway and also operated the AA4NC station with callsign W4MR during CQWW/CW for a new personal best score in that contest.

W2CS described his QRP efforts, restating how difficult a phone QRP effort is with low wire antennas though his Sweeps CW effort is likely to be a top ten finish. KS4XG got his first taste of real multiop action for a few hours at the AA4NC station for phone Sweeps.

NX9T joined K4HA at Bob's station for CQWW/SSB and despite constant line noise at his apartment he got on for the CW test with a G5RV and TS830. Jeff's station is still packed up, waiting for completion of a new house in Spring.

W0UCE said we'll never find him in a phone contest. Jack only had a Windom up but got on for a couple hundred contacts during CQWW/CW. He's preparing a vertical and will be joined by N4CW and N3ND for an effort in the ARRL 160 contest.

N3QYE started to say something when somebody said "How about that 'State!" The group gave a round of applause to celebrate the outstanding effort of Jim and Kemp KF4ARS in the collegiate Sweeps championship. Jim described the 40 meter wire beam that he built with KO4PY and the long hard effort to find and eliminate QRN from the electrical engineering building in time for the contests.

K2AV soldiered through the Sweeps phone contest with an FT101ZD as he'd left his MP at N4AF. Guy described the multisingle effort with N4AF that generated over 7 mil for CQWW/CW. Guy said the three element 40m quad fixed on Europe was a killer antenna, giving them over 1000 Qs on that band and a rate near 100/hr at the end of the contest. There followed a side splitting description of the "N4AF exploding balun adventure" although all agreed that Howie probably wasn't doing much laughing as he made repairs on his tower, at night and in the rain during the test.

K4QPL put up 30 feet of Rohn 25 with a TH7 just in time for CW Sweeps and nipping out his LP rival Will WJ9B by two QSOs. Jim

and Jack plan to share tower building efforts with back hoe and concrete work at each station.

K3KO said he was 1.5 million points ahead of his contest production at the same point last season. Brian had a new personal high score for CQWW/CW with "4 band DXCC". His new tower and 40m beam worked extremely well.

AA4NC summarized his contest efforts, with the CQWW phone multiop, single op Sweeps CW effort and multiop Sweeps phone efforts at his station with the W4MR callsign. For CQWW/CW Will had plans that fell through with little warning and accepted an invitation from K3LR to take part in the multimulti effort there. Will described the K3LR station and the very high performance setup he used on 40 meters. The very narrow bandpass filters that allowed the run and mult station to get within 25khz of each other were particularly impressive. Will also provided some analysis of Sweeps from a geographic perspective and described strengths and weaknesses of various parts of the country with the sunspots favoring the West.

The next meeting will be at Ryans Family Restaurant at Cary Crossroads on Thursday January 6th. Come at 5:30pm for extra rag chewing or 6pm for the formal meeting (which lasts about 10 minutes before we get back to rag chewing!)

SOUTHWEST VIRGINIA MINUTES Nov 5, 1999 by Mike Barts, N4GU  
(Outdated text removed. -editor)

Meeting location was Shoney's restaurant, Rt. 460 in Salem, VA. The meeting was called to order at 23:46:15Z, according to some clockwatchers. In attendance were Buddy, W4YE; Nat, N4EL; Anthony, KR4UG; John, K4IQ; Jerry, K1SO; and Mike, N4GU.

Primary topic of conversation was the recent CQWW phone contest. All members present participated and contributed to the club score. John, K4IQ, used the contest primarily to perform A/B testing on a TS870 and FT1000MP.

Nat, N4EL, was very happy with his CQWW results using the newly installed 30' house bracketed tower and TH-2 he bought from N4GU. His score this year was about ten times last year's with the all dipole setup. His new setup should also provide improvements for the other contests as well. Nat also related tales of some enthusiastic younger ops at the Virginia Tech Amateur Radio Club, K4KDJ, who got their first taste of DXing during CQWW. There may be some potential new contesters in that group.

Buddy, W4YE, operated only the high bands and managed 735k points. Jerry, K1SO, is still trying to figure out the scoring scheme to compute his score.

Anthony, KU4RG, and his XYL of three weeks, Shilynn, KF4OKG (also a PVRC'er) teamed up for a multi-single effort with Shilynn making most of the QSOs. Congratulations to the newlyweds and we look forward to many more multi-single efforts from these two.

Mike, N4GU, put his new antenna garden to the test and made 1200 Qs and scored 1.5 mil in CQWW, both a personal best. K4IQ is going to do some tower work November 13 and requested help for the ground crew.

There was a discussion about the increasing requirement for computer logging and electronic log submissions with W4YE arguing that it discourages participation by both older and newer casual ops who are not computer savvy.

SWVA PVRC Holiday Party/Meeting Minutes by John Mitchell, K4IQ

The SWVA PVRC Chapter had their annual Holiday gathering and meeting on December 16, at the Steak and Ale Restaurant in Roanoke, VA. Attending were Buddy, W4YE, with XYL, Gordon, K1GG, Anthony, KU4RG, Mike, N4GU, Jerry, K1SO, John, W4JAM, with Susanne, WOMAN, John K4IQ, with XYL and harmonics.

During the meal, members passed around photos of recent gatherings and antenna projects and caught up on small talk. The meeting portion featured a recap of the Fall contesting season. Mike, N4GU had a super WW phone effort, then was disappointed to lose out to the Flu bug for the 10 Meter contest. Buddy, W4YE had a good effort in the CW SS, and is determined to automate his station logging for the year 2000. He is going to receive some tutoring on the NA logging program so he can be even more competitive. (Buddy usually does as well or better than the rest of us with paper logging, so we await the birth of a monster when he becomes digitized.) John, W4JAM, got the concrete base set for his Rohn 55 tower this month, and plans to go up to 70 feet very soon. John, K4IQ, passed around pictures of his new 80M rotatable dipole (Force 12 linear-loaded) at the top of his ridgetop tower, and gave a recap of the December 13th Central Holiday gathering he attended. Gordon, K1GG, expressed a great deal of interest in the performance, since he has room at the top of his 150 foot tower for one of these. Gordon had a super effort in Phone SS, with over 1300 qsos, single op unassisted. Jerry, K1SO, got in for part time efforts in the recent tests and told us about his IOTA effort from Cape Hatteras with a group of guys in October.

Everyone talked about membership and agreed to contact some of the members who had not been heard from for awhile. The meeting formally adjourned and we agreed to meet again on January 21 at the Western Sizzlin on Orange Ave., across from the Roanoke Civic Center.

SHORT NOTES FROM/VIA THE EDITOR

Dave, WR3L lets us know he will hold a North/East meeting at the Timonium Mini-Fest at the Timonium Fair Grounds 7PM on January 19, 2000. The Mini-Fest is open to anyone, at no charge that wishes to set up a table. The times are from 5 -10 PM and sponsored by Baltimore Amateur Radio Club. Hope to have some new members for the club after

the meeting.

N3OC expressed congrats to Jim, K3SW, who probably doesn't even know it, but he is on the front cover of FUNK Amateur - Das Magazin fur Funk Elektronik - Computer. The V26B group got a writeup in this magazine, and Jim ended up on the front cover! See: [www.funkamateurl.de](http://www.funkamateurl.de)

N4MM had 52 QSOs in the Croatian CW Contest and went and went single band 28 MHz in the RAC Winter Contest for 128 QSOs.

S C O R E S        by Bob Dannals, W2GG

Changes/additions/deletions to [\[email protected\]](#) or via packet.

Of greatest importance, you must also send specific summary and log information to ARRL or CQ, as appropriate, for PVRC to get credit!

PVRC dues and ARRL renewals: The annual dues are by donation - hopefully at least \$10. Club gets a cut from ARRL renewals sent via PVRC. Both dues and renewal checks should be made to PVRC and sent to Dave Baugher, WR3L, 615 Rockway Beach Av, Baltimore, MD 21221. Thank you.

Newsletter & Autocall column Editor: Dick Wilder, K3DI, 913 Shore Acres Rd, Arnold, MD 21012-1724. Voice 410-757-6706, FAX/modem 410-757-6720, Dxcluster packet, and [\[email protected\]](#). The Newsletter deadline varies around the 20th of the prior month. The FAR deadline is 65 days prior to the issue date.

CENTRAL: The Central Meeting is always the second Monday (except June, July, and August) at 7:30 pm. The central meeting generally alternates between MD and VA locations. A pre-meeting dinner is usually held between 5:00 and 6:30 pm. Check via 147- repeater.

VA LOCATION: The Patrick Henry (Public) Library, Route 123, Vienna, VA. Pre-meeting dinner at Outback, Old Branch Ave.

MD LOCATION: Church of the Nativity (Episcopal), Route 5,  
Temple Hills, MD. Pre-meeting dinner at Topolino's.

NORTHWEST: Greg Altig 410-775-7313 [\[email protected\]](#) Meets at 7:30  
pm on the third Tuesday every month at Tully's Grill, 1080 W.  
Patrick St, Frederick, MD. Same center as Shoppers Food  
Warehouse. Essentially includes WEST VIRGINIA area.

NORTH CAROLINA: Chair: Guy Olinger, K2AV; Sec: Pete Soper, KS4XG,  
[\[email protected\]](#), hm: 919-362-4635, wk: 919-481-6874. Activities:  
Jim Stevens, K4MA. POC is K4MA & KS4XG. Howie Hoyt, N4AF,  
[\[email protected\]](#) is PVRC reflector editor. PVRC/NC meets at 6:00 pm  
the first Thursday of every month at Ryan's Family Steakhouse at  
Crossroads in Cary.

TIDEWATER (VA) COLONY OF PVRC:

Don Lynch W4ZYT 757-486-0728 [\[email protected\]](#) Meetings the  
3rd Tuesday of every month are held jointly with the VA DXCC at  
The Golden Corral corner of Battlefield Blvd South and Volvo Pkwy  
in Chesapeake, VA. Easy access from I-64 at Rte 168 (Battlefield  
Blvd S) exit. Dinner at 1830 and meeting at 1925.

SOUTHWEST VA CHAPTER: Coordinator: John Mitchell, K4IQ, Catawba,  
VA 540-384-7377, [\[email protected\]](#) Monthly meetings alternate  
between Roanoke area locations

THE BWI REGIONAL/PVRC: Weekly breakfast Wed at 7:30 AM at  
Basil's Deli Port on Elkrdige Landing Rd 1/4 mile South of  
Winterson Road 410-850-4333. Director: Ike Lawton, W3IKE,  
410-263-2830. Secretary: Howard Leake, W6AXX, 410-465-7008,  
[\[email protected\]](#)

OVER-THE-HILL LUNCH BUNCH: Rotating hosts announces meeting info.
